

Updating The Turning Force Toolbox

Issues have been found in the 'Identify bearings' resource where some sentences do not display fully at the end of a paragraph.

Please update by replacing the 'mtg.swf' file at 'units\18_5\act1\media\' in the Toolbox file structure. Also available for download is the mtg fla file for customisation purposes if required.

To update your copy of the toolbox with the new file:

1. Download the file 'mtg.swf'.
2. Paste it into your original 'Toolbox\units\18_5\act1\media\' folder.
3. You will be asked if you want to replace existing files. Select 'Yes to All'.

We recommend that you burn a copy of the amended Toolbox to keep as a master copy.

If you have any further enquiries or need advice on your Toolbox please email our national help desk on toolboxhelp@flexiblelearning.net.au or phone 1300 736 710.
