

## Updating your Frontline Management (Up Front!) 601Toolbox

1. Unzip flm\_fixes.zip. It contains 8 .htm files.

2. Open the toolbox\_601 folder within the root directory of your master copy of the FLM Toolbox.

4. Copy **cmn402a\_site.htm** to the **cmn402a** folder  
Copy **cmn410a\_site.htm** to the **cmn410a** folder  
Copy **cmn411a\_site.htm** to the **cmn411a** folder  
Copy **cmn419a\_site.htm** to the **cmn419a** folder  
Copy **flm403b\_site.htm** to the **flm403b** folder  
Copy **flm405b\_site.htm** to the **flm405b** folder  
Copy **flm409b\_site.htm** to the **flm409b** folder  
Copy **flm412a\_site.htm** to the **flm412a** folder

We recommend that you burn a copy of the amended Toolbox to keep as a master copy.
